

Ulladulla Channel

- | | |
|-------------------|-------------|
| 1. Bream | 5. Salmon |
| 2. Blackfish | 6. Jewfish |
| 3. Rock Blackfish | 7. Snapper |
| 4. Tailor | 8. Trevally |

The Channel only fish well with white water breaking over outer reef and is usually safe but plates are needed. In calm seas with eastern swell try along by deep hole on north side. With a south eastern swell, try the south east corner and south side. Rennies Beach fishes well after a big southerly blow. For bream use crab and pitchard fillets and fish very light. For salmon and tailor use pitchards with no sinker. There is usually plenty of cabbage available
